DETAILED ACTION

Response to Amendment

This action is in response to the request for reconsideration filed on 12/30/2004.

As per applicant's request claims 1-12 have been canceled and claims 13-19 have been amended.

Examiner has withdrawn 35 USC 101 and 35 USC 112, 2nd rejection on claims 13-19, upon explanation and clarification filed by the applicant.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Art Unit: 2193

Claims 13-19 are rejected under 35 U.S.C. 102(e) as being anticipated by *Rising, III*.

USPN 4,445,834.

Regarding claim 13

Rising, III teaches,

image information displaying means for displaying icons of a first type representative of image information in an image information displaying area (figures 7, 8 and 9, column 5, lines 21-47); and

position information displaying means for displaying icons of a second type representative of position information relative to a point on a map displayed in a position information displaying area (figure 3, column 5, lines 50-67 and column 6, lines 26-61); wherein

image information displaying means changes display of an icon of the first type if the icon of the first type corresponds to a selected icon of the second type, and position information displaying means changes display of an icon of the second type if the icon of the second type corresponds to a selected icon of the first type (figures 2 and 3, column 5, lines 21-48).

Regarding claims 14-19

Rejection of claim 13 is incorporated and further claims 14-19 recites similar limitations as in claim 13, therefore, claims 14-19 are rejected under same rational as claim 13.
